

REMARKS

The specification has been amended to correct an incorrect translation. The term German term "Umhüllende" was translated incorrectly as "sleeve end." The correct translation of the term is "envelope."

It was also noted that a sentence was missing from the translation in the second paragraph on page 5. This sentence has now been added.

Finally, it was noted that claim 6 was not completely translated, and this claim has now been amended to complete the translation.

Respectfully submitted,

Ira J. Schultz
